

Be Part of the World! Learn German!

Why learn German?

We are now implementing the German Language Diploma that will lead to a world of opportunities. This program of study will allow:

- exploration of the German culture
- student exchange with German schools at the high school level
- the ability to study at world-class German educational institutions
- summer employment in Germany (which requires working knowledge of German)
- opportunity to travel while working in Europe
- advantages when applying for high-level positions

The German Heritage Language School in Halifax has been teaching children and adults the German language for over twenty years and is accepting new students for Fall 2010.

Register now at

<http://www.german-language-school.ca>

For more information call Erika Ehse at 425-7657.
